Boar Hunting in the Carpathians

Boar Hunting in the Carpathians

In the Eastern Carpathians, in the counties of Harghita, Sibiu, and Mures, most hunting areas for these boar stand hunts are located. It is a fantastic area for wild boar, bear, and wolf. Currently, bears and wolves are restricted from driven hunts. Licenses are presently available only for bears or wolves that have caused damage. The boars in the Carpathians grow very large – often over 200 kg when gutted, with tusk lengths ranging from 20 to 27 cm!

The best hunting season is from November to February. Target airports are Sibiu or Cluj, or one can travel by bus. Hunters are accommodated in cozy country inns within the hunting areas.

Time:

November 2025 – February 2026
