

FAIR HUNT

the other way to hunt...

State roe buck hunting in Hungary

Offer Nr.: 2591

The hunting area:

The 13,000-hectare state hunting ground is located in Western Hungary on the northwestern edge of the Bakony Forest. The area is 70% forested, mainly with beech, oak, and Turkey oak. It is highly hilly and, in addition to red and wild boar, also features mouflon, fallow deer, and roe deer. Each year, approximately 250 red deer, 300 wild boar, 100 fallow deer, 30 mouflon, and about 150 roe deer are harvested. The average trophy quality is 6-8 kg for red stag, approximately 2.5 kg for fallow stag, 70-80 cm for mouflon ram, and 250-300 g for roe bucks.

For accommodation, a very beautiful class I hunting lodge located within the hunting ground is available. The lodge has two single rooms and eight double rooms, each with a bathroom and WC.
